STEM- A bunch of Science, a dab of Technology, a sprinkle of Engineering, and a dash of Math equals a fun hour of exploration, imagination, problem solving and fun!

Fine Motor Friends- In this class, students will fine-tune their handwriting skills through a multi-sensory approach focusing on fine motor skills through fun activities and the Handwriting Without Tears program.

Readers Theatre- Who loves the drama? Here our young readers explore self-expression while enhancing fluency and active listening skills during this script-in-hand theatre class! Perfect for the drama-inclined or those who need help coming out of their shells!
